**10.00 to 16.30**

## ***Make it to the top and win one of our Career Competitions***

### ***Management Game***

In this competition you and three or four other team members will manage a company. You will have to find the most effective tools and the best marketing strategy to operate successfully on the market. This game will give you a good impression of International Business and Management Studies to help you decide if it is the right programme for you.

***The best three teams will win prizes of € 500, € 200, and € 100.***

### ***Make your own aspirin***

Accept our challenge to make the purest aspirin in our chemistry competition. You and your "lab partner" will have to develop aspirin and test the purity of your product. This competition will show you how HZ students learn by doing and by experimenting in laboratories.

***The best three teams will win prizes of € 250, € 100 and € 50.***

### ***Design a campus***

HZ wants to renovate its campus and needs a design. The Delta Academy offers three programmes: Delta Management, Civil Engineering and Water Management. Expertise from all three programmes will be combined to make the best design. You will have access to background information on the various functions of the campus and assistance from lecturers with different areas of expertise.

***The best three teams will win prizes of € 500, € 200 and € 100.***

We look forward to your participation in our competitions!

Please register as soon as possible  
as the number of places is limited.
